

How to remove an Edge browser extension

1. Open **Microsoft Edge**
2. Click the **Settings and more** icon  Microsoft Edge More menu in the upper-right corner of the browser window.
3. In the drop-down menu that appears, select **Extensions**.

4. In the centre of the screen, under *Installed extensions*, there is a list of installed extensions.

5. Locate the extension you want to remove. On the left side, click **Remove**. Then, click the **Remove button** on the prompt that appears.
