

How to remove a Firefox browser extension

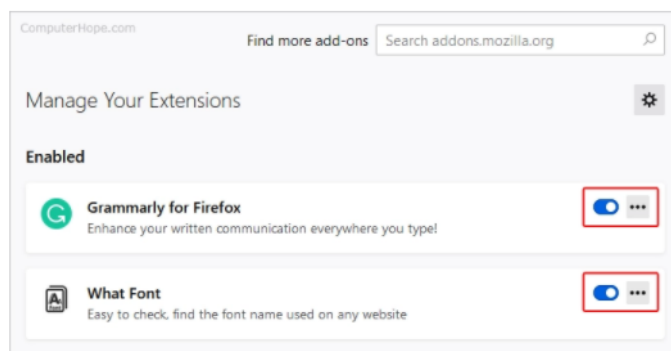

1. Open **Mozilla Firefox**
2. In the upper-right corner of the window, click the **Open menu** icon 
3. In the drop-down menu, select **Add-ons**.

4. On the left side of the *Add-ons Manager* tab, click **Extensions**

5. In the centre of the screen, under *Manage Your Extensions*, there is a list of installed extensions.

6. Locate the extension you want to remove. On the right side, click the Menu button icon  and select **Remove** from the drop-down menu.
